

## Research Exhibition site

### Resource title

Vocational Education and Training (VET): the national agenda for research, development and evidence

### Author/s

Learning and Skills Research Network

### Description

A website by LSRN outlining the national agenda for research, development and evidence about Vocational Education and Training. Timed to coincide with the creation of a new research centre for VET it also provided an opportunity to review progress towards a National VET Centre as envisaged in the proposals of the Commission on Adult Vocational Teaching & Learning
